## WORK

Increase wages and pensions; renew national collective agreements and de-tax wage - increases; eliminate the gender pay gap; introduce a minimum hourly wage; adopt a law on trade union representativity to eliminate pirate CBAs and introduce erga omnes; guarantee for workers the right to vote on agreements that concern them.

## TAX

Fight tax evasion, tax amnesties and concessions; increase and index deductions on wages and pensions to real inflation; promote progressive taxation to sustain work-based income and pensions; no to flat tax and reduction of tax rates and income brackets; make decontribution structural; tax extra-profits and extreme wealth.

## YOUTH

Promote stable, permanent employment; eliminate precariousness; adopt a new statute of workers' rights; enact the law providing minimum compensation levels for self-employed workers; guarantee the right to education through targeted investments in services and student housing.

## PENSIONS

Approve a pension reform to overcome the Monti-Fornero law for good; ensure full protection of the purchasing power of current pensions.

## WELFARE STATE

Defend and relaunch the National Health System; adopt an extraordinary recruitment plan in the health sector and in all public and education sectors; invest in health and safety, no more deaths at work; allocate adequate resources to the non-self-sufficiency and disability laws.

## INDUSTRIAL POLICIES

Implement a new strategy to tackle old and new crises; focus on the environmental and energy transition; reconvert and innovate our production system by governing digitalisation processes; defend and increase the quality and quantity of employment, starting from the south of Italy.

## PEACE AND CONSTITUTION

Build peace and stop war; apply the principles and values of our Constitution; oppose any further transfer of competences to the regions and presidentialism; adopt a new electoral law.
